RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 176, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,000 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

INDUSTRIAL—Rutland leads the State in industry. In 1929 there are 37 major plants producing \$6,118,927. Employing 1,642 with a payroll of \$2,093,861 annually. Materials used annually cost \$2,386,421. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a

payroll of \$6,642,906, value of products annually \$17,950,765. The leading products are antiseptics, medical products, awnings, flags, barrels, confectionery, cement, tile, dairy and creamery machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are 44,184 farm animals in the county. 92% of the labor supply is native born. Average work day in factories is 9 hours, in building trades 8 hours. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 7 banks and 1 cooperative bank. There are 4 national banks with capital and surplus of \$1,040,000 and deposits of \$5,785,000; 1 trust company with capital and surplus of \$424,000 and deposits of \$2,000,000; 2 savings with resources of \$22,000,000. In West Rutland there is a trust company with deposits of more than \$1,100,000. There is 1 trust company in Proctor. This makes a total of 9 banks covered by this Directory. City real estate valuation is \$14,100,000, assessed at about two-thirds value.

EDUCATIONAL—There are 6 elementary schools, 1 high and 1 intermediate, making a total of 8 schools. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 62 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,600. The parochial school enrollment is over 1,000. Increased enrollment since 1920 is 20%. Public Library has 27,948 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Co.

POPULATION—The present population of Rutland is estimated as 18,000. Excess of females over males is 800. Excess of births over deaths is 960 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; *1890, 11,760; *1900, 11,449; 1910, 13,546; 1920, 14,954; 1926, 16,825; 1927, 17,446.

MERCANTILE—Rutland is trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. It has 300 fine stores, retail and wholesale; it has 200 professional offices. The annual payroll of the Rutland industrial district is over \$6,000,000, for all workers within the city is well over \$7,000,000.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence

*Area reduced from previous census.

River navigation; there is also a branch from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here; the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other division connects with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total numbers of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is 253,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam. The airport has a runway of 1900 feet north and south and 1200 feet east and west.

MISCELLANEOUS—Rutland has 55.8 miles streets with 9.27 first class, 19.75 second class, 24.93 third class, 1.87 fourth class. City owns \$754,000 real estate not including school property. Water reservoir capacity 4,704,520 gallons; increase of 11% domestic water users in past 7 years; total minimum yield of watershed is 11,024,360 gallons per day; daily average consumption is 2,500,000 gallons daily; average water pressure is 85 pounds. Post Office receipts are about \$110,000 annually; money order business runs over \$600,000 annually; increase in postal receipts in 10 years is \$41,000. Fire department has 2 stations with 26 men. Police department has one central station with 14 men. 3 playgrounds with weekly attendance of over 2,000. 1 hospital with 80 beds and annual patients of over 2,000. 14 churches, 50 fraternal orders. Nearly 4,000 dwellings with average of 5.2 persons per dwelling. There are 7 hotels with transient capacity of about 500, there are inns with transient capacity of 250, making a total transient capacity of 750. There is a Chamber of Commerce with over 150 members to which we are indebted for a portion of the statistics used in this descriptive.

The A-B-C of INSURANCE

Against Business Loss Means That You Must be Listed in the Great and Only Real Buyers Guide—The City Directory—The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principal of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

Lift the Damper from Summer's Joy

There's no need to let
dread of winter's heat-
ing plant drudgery
put a damper on
summer's pleasure.

Install a Minneapo-
lis-Honeywell Heat
Regulator now. It will

operate your dampers
or valves for you all
winter automatically,
giving you just the
comfortable tempera-
ture you want, stead-
ily; and save fuel
besides.

EVERY CITY

must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country, some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. The BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

The A-B-C of INSURANCE

Against Business Loss Means That You Must be Listed
 in the Great and Only Real Buyers Guide—The City Direc-
 tory—The Publication that lists Them All.

If You are not Properly listed you are missing the oppor-
 tunity that is presented to every business concern to be-
 come a stockholder in this great enterprise on a co-operative
 basis. The dividends are the service and low prices. It is
 the greatest illustration of the socialistic principal of doing
 business that there is in our modern society. The City
 Directory is the book of the people and places every individual
 in the city on the same basis. This gives the small business
 the same opportunity as the large business—a truly demo-
 cratic principle and a rare one today.

Give this matter your careful attention and be listed in
 the Great Information Bureau of the City where it can be in-
 stantly located. It is a card index system of the city with
 four different ways of indexing and nothing with a name and
 address exists that cannot be readily found by any person who
 knows their A-B-C's.

When You Place Your Ad In the City Directory

You are not only talking to all persons looking for your goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument. —Should it be WEAK? We believe there is only one business answer to this.

The Best Advertising Medium is the City Directory

BECAUSE IT IS USED THE MOST TO FIND JUST
 SUCH INFORMATION YOU MOST WISH TO
 HAVE THE PUBLIC KNOW.

FIRST—What line of goods you handle. SECOND—Where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?
